

Acteev®

Protection
in the most
personal way

When it comes to what's closest to your most vulnerable skin, being safe and sanitary is a top priority. It's time to start thinking about protection at the core.

The ultimate
peace of mind

Unassuming power from two of the most advanced discoveries in protection – zinc oxide and nylon 6,6 – for that new level of confidence needed for a new version of everyday life. At its core, Acteev® incorporates the odor-fighting and mildew-destroying antimicrobial benefits of zinc ions embedded straight into the matrix of superior nylon yarns, fabrics and nonwovens that we've perfected over the last 70 years.*

Soft where it needs
to be, powerful where
it has to be

Unlike other antimicrobial treatments, Acteev's zinc ions are embedded into the product instead of coated on.

Even after 100 washes, it's still as effective as day one.

- Free from odor
- Free from mildew
- Free from silver
- Free from harmful additives
- Free from pilling, wear & tear

Zinc

Nature's elemental safeguard

Essential: A mineral needed for human health

Safe: Better for consumers, the active ingredient is generally regarded as safe by the FDA

Clean: Targets the bacteria and microbes that cause odor, mildew and discoloration

Nylon

Years of peak performance

Feel-good fabric: Soft and gentle on skin

Light and strong: Breathable and durable for regular use

Dry: Fast, moisture-wicking material

Design freedom: Customizable fiber content

Versatile: Available in staple, yarn, fabric, nonwovens

Endless possibilities for a partner in protection

Acteev has created life-changing technologies with one simple vision: elemental safety. And it's proven. Backed by decades of science from Ascend, Acteev brings environmentally safe technology to the places you rely on for the most personal protection - shapewear, underwear, bras and much more.

Apparel customers are buying what Acteev is selling

63%

Care about comfort and resilience

66%

Are willing to pay a 10% - 20% premium for antimicrobial products

89%

Consider underwear and shapewear to be an important part of their wardrobe

Backed by decades of science from Ascend Performance Materials, Acteev has ensured that the environmentally safe fighting power woven into the fabric of our lives makes a difference.

The possibility to partner on your next innovation is just around the corner.
