Create Service Confirmation with Automatic Invoice Creation Process (ERS)

1. Service Confirmation with Automatic Invoice Creation Process

1.1. What is a service confirmation?

A **Service Confirmation** is a document created by a supplier once services are rendered with <u>ERS</u> (Evaluated Receipt Settlement) feature available to automat the invoicing process. Once a service confirmation with ERS flag is approved, invoice will be created automatically in GEP SMART.

It is relevant only on a **Blanket / Service Order** and must be done before creating an invoice.

NOTE: Service confirmations can only be created once the order is in *Supplier Acknowledged* Status.

If the order is in **Sent to Supplier** status, you will first need to acknowledge the order before creating the service confirmation.

1.2. Create a service confirmation

A: Click on the Purchasing tab & select the **Order** against which you wish to create the Service confirmation

Create a service confirmation

B: Click on **More** menu on top right section of the screen

C: Click on Create Service Confirmation

1.3. Create a service confirmation (Basic Details Section)

A: Fill in the mandatory information within the BASIC DETAILS section such as the SERVICE CONFIRMATION NAME and the SUPPLIER SERVICE CONFIRMATION NUMBER (Supplier Invoice Number)

B: The **FIELD SUPERVISOR FIELD** is defaulted from the order

C: If you need the invoice to be auto created then check mark the **ERS** box.

D: Once the basic details are filled then click on **Next**

Note: ERS or Evaluated Receipt Settlement is an automated invoice and

payment system. Once an ERS service confirmation is approved, invoice will automatically be created in GEP SMART.

1.4. Create a service confirmation (Notes & Attachment Section)

Attach supporting documentation to the Service Confirmation*

A: Click on **FILE UPLOAD**

B: Once the pop-up box is displayed, You can either drag file(s) or click **UPLOAD DOCUMENTS** to attach document(s)

C: Once uploaded, click **CLOSE.** The uploaded files will be displayed

D: Once the file has been successfully uploaded, click the **NEXT** button at the bottom right of the screen

1.5. Create a service confirmation (Line Details Section)

A: Fill in the mandatory information within the LINE DETAILS section such as PRICE & START DATE.

B: You must also enter the **COMPLETION DATE.**

C: Add Tax Rate or Tax Amount if applicable

D: Click on **ADD SUBLINE** option to fill the subline category details

Create a service confirmation

D: Click on **USE ORDER** for the service order for which you need to create a service confirmation

Here onwards the procedure to create the Service confirmation remains the same as showcased in previous slides.

2.1. Create a service confirmation (Basic Details Section)

A: Fill in the mandatory information within the BASIC DETAILS section such as the SERVICE CONFIRMATION NAME and the SUPPLIER SERVICE CONFIRMATION NUMBER (Supplier Invoice Number)

B: The **FIELD SUPERVISOR FIELD** is defaulted from the order

C: If you need the invoice to be auto created then check mark the **ERS** box.

D: Once the basic details are filled then click on **Next**

Note: ERS or Evaluated Receipt Settlement is an automated invoice and payment system. Once an ERS service confirmation is approved, invoice will automatically be created in GEP SMART.

2.2. Create a service confirmation (Notes & Attachment Section)

Attach supporting documentation to the Service Confirmation*

A: Click on FILEUPLOAD

B: Once the pop-up box is displayed, You can either drag file(s) or click **UPLOAD DOCUMENTS** to attach document(s)

C: Once uploaded, click **CLOSE.** The uploaded files will be displayed

D: Once the file has been successfully uploaded, click the **NEXT** button at the bottom right of the screen

2.3. Create a service confirmation (Line Details Section)

A: Fill in the mandatory information within the LINE DETAILS section such as PRICE & START DATE.

B: You must also enter the **COMPLETION DATE.**

C: Add Tax Rate or Tax Amount if applicable

D: Click on **ADD SUBLINE** option to fill the subline category details

2.7. Create a service confirmation (Submitting Service Confirmation)

Once all the information is correctly added, click on **Submit** button to proceed

Create a service confirmation

D: Once submitted, you will see the success message, click **OK**

You will be directed to the SERVICE CONFIRMATION screen, where you will see the submitted Service Confirmation in APPROVAL PENDING status

3.Service confirmation statuses

- **Draft:** Service confirmation is created; however, it is not submitted to Ascend (work-inprogress)
- Approved: Service confirmation is approved by Ascend.
- Withdrawn: Service confirmation has been withdrawn by supplier to make changes.
- Approval Pending: Sent to Ascend; however, it is not yet approved
- **Rejected**: Ascend rejected the service confirmation. You need to correct errors and resubmit.

Update & Resubmit Rejected Service Confirmation

To review the comments sent on a rejected service confirmation, open the rejected service confirmation

A: Click on the **COMMENT** icon in the top right-hand corner

A: To resubmit the SC, click on the VIEW CHANGED VERSION on top right section of screen. The SC document will open in DRAFT status.

B: Update the details that are mentioned in comment box by Buyer on the New service confirmation.

C: Once updated, Click on **SUBMIT** button on bottom right of the screen.

A: Enter the Service Confirmation Name and Supplier Service Confirmation Number number generated in your system in basic details section.

B: Click on **File upload** icon and upload the soft copy of service confirmation document.

C: Once the upload is complete, Click on Close Button.

D: Click on Next button to proceed for next step.

E: Verify the line details and click on **Submit.**

F: Provide the Confirmation by Clicking on the **OK** button.

The Revised Service confirmation is now sent to buyer

? CONFIRMATION!

This Service Confirmation is set for ERS, so once approved, system will generate and submit your invoice for processing. You have not entered tax on the Confirmation.

Click Add Tax to go back and add tax, or to remove the ERS flag. If you do not need to add Tax and want the system to create the invoice, click OK.

ADD TAX

OK
